## National Free Tubercular Sanatorium.

A sample copy of the Alva,  
(Uklakofha) Pioneer, comes to  
our desk this week. The num-  
ber being dedicated to the Na-  
tional Free Tubercular Sanato-  
rium which has been organized  
and will be built at Alamogordo.  
The following is taken from the  
Pioneer as to its location, equip-  
ment, object and purposes,  
how maintained, how controll-  
ed; charges, etc:

### Its Location.

"The National Free Tub-  
ercular Sanatorium is located at  
Alamogordo, New Mexico.  
There is perhaps not a spot with-  
in the United States that is bet-  
ter adapted by nature than this  
little City for this all-important  
institution. Alamogordo is a  
beautiful little city of 3,000 hap-  
py contented people. It nestles  
securely in the broad valley be-  
tween the majestic Sacramento  
mountains. The elevation is  
4,500 feet, with the purest wa-  
ter in the world. It is a beauti-  
ful spot with acre after acre of  
spreading cottonwood trees,  
which shade the streets and

## Leave of Absence to Home- stead Settlers on Unsur- veyed Lands.

(Ac of July 3, 1916—Public No.  
136.)

Department of the Interior,  
General Land Office,  
Washington, D. C., July 27, '16  
Registers and Receivers,  
United States Land Offices.

Sirs:—  
The act of July 3, 1916 (Pub-  
lic No. 136), provides as follows:  
That any qualified person  
has heretofore or shall hereaft-  
er in good faith make settle-  
ment upon and improve unsur-  
veyed, unreserved, unappropri-  
ated public lands of the United  
States with intention, upon sur-  
vey, of entering same under the  
homestead laws shall be entitl-  
ed to a leave of absence in one  
or two periods not exceeding in  
the aggregate five months in  
each year after establishment of  
residence: Provided, That he  
shall have plainly marked on  
the ground the exterior bound-  
aries of the lands claimed, and  
have filed in the local land office  
notice of approximate location  
of the lands settled upon and  
claimed, of the period of intend-  
ed absence, and that he shall  
upon the termination of the ab-  
sence and his return to the land  
file notice thereof in the local  
land office.

parks, giving the valley and  
city its symbolic name.

### Its Equipment.

"The equipment must be ade-  
quate and commensurate with  
the universal demand, crying  
need, and magnitude of the un-  
dertaking. A main building  
costing not less than \$200,000.00  
will be erected, with other build-  
ings, for offices, power plant,  
laundry, cottages, and every de-  
tail of equipment, equalling the  
very best that can be had, for  
this most laudable movement.

### Its Object and Purpose.

"The object and purpose of  
the National Free Tubercular  
Sanatorium Association is pure-  
ly and strictly humanitarian.  
There are no profits or dividends  
for any one. Article No. 11 of  
the Charter reads as follows:  
"The object of this Association  
is the acquisition, erection,  
ownership and maintenance of  
a Sanatorium or hospital for the  
treatment of persons suffering  
from tuberculosis. Those who  
have no money to pay for their  
care and treatment shall be  
treated free of charge under  
such rules and requirements for  
admission as may be adopted by  
the management of the Associ-  
ation. Those who desire to  
come to the institution for treat-  
ment that have the money to  
pay shall be charged for the  
same but all money received  
from the patient's treatment at  
this institution shall be used in  
the extension and promotion of  
the scientific and charity work  
of the Association." Section  
No. 11 of the same Article reads:  
"A further object of this Asso-  
ciation in so far as its finances  
will permit, shall be the con-  
ducting of a medical research  
into the causes, prevention and  
cure of Tuberculosis."

"Thus it will be seen that in  
addition to its care of consump-  
tive patients, the Sanatorium  
will maintain a research depart-  
ment which, it is expected will  
rival the similar departments  
of the far famed medical insti-  
tutions of Europe. This insti-  
tution will also carry on a nation  
wide program and agitation of  
prevention, by means of an  
'Information and Prevention'  
department, which will un-  
doubtedly do an enormous  
amount of good throughout the  
country.

"Competent men with world  
wide fame in the tubercular  
world, will be in control of this  
vast important department, and  
it is confidently expected that  
through this department, there  
will be brought forth eventual-  
ly, a permanent cure for tuber-  
culosis. The whole world will  
hail the coming of that glad  
day! That day is coming. The  
great Pasteur said, 'I believe  
that every germ disease can be  
eventually wiped from the face  
of the earth.'

### How Maintained.

"The institution will be main-  
tained and supported principal-  
ly, by voluntary gifts and en-  
dowments by its thousands of  
friends that will become inter-  
ested, and be raised up to give

it aid. On account of being  
free, undenominational and  
charitable, in its management,  
it will appeal to all classes of  
people.

"Another source of income  
will be from those patients who  
are financially able to bear their  
expense for treatment. All who  
can do so will bear their own  
expense, otherwise their care  
and treatment will be free.

There are hundreds of philan-  
thropic persons who will be  
glad to endow an institution of  
this nature just as soon as they  
are informed of its mission and  
method of work.

"Many will make their con-  
tributions extend over a period  
of years, giving so much cash  
down, and so much yearly for  
five or ten years. In this way  
the institution will be assured  
of a permanent income, and as  
it grows and its work becomes  
known, multitudes will rally to  
its support. There is no great-  
er work in all the world to be  
done anywhere, than the sup-  
port of a work like this.

### How Controlled.

"The control and business  
management of the institution  
is vested in a board of directors  
and advisors, consisting of  
twenty-six members among  
whom are some of the most suc-  
cessful business men of Alamo-  
gordo. They are all men of  
high standing and sterling  
worth.

### Its Charges.

"As has already been stated  
there will be absolutely no  
charges for those who are un-  
able to pay, but for those who  
are able to pay there will be a  
reasonable charge made for all  
services. This fee will in every  
instance be used to support the  
work.

"The object of the Associa-  
tion being primarily to aid and  
care for the needy and helpless,  
they will be given the prefer-  
ence if at any time there shall  
be lack of room.

"This rule will be adhered to,  
because there are many private  
Sanatoriums where those who  
can pay may be taken care of,  
while the penniless could not  
gain admission.

"We believe, however, that  
the support of the institution  
will be so generous and hearty  
that there will be room and  
funds for all. We can think of  
no class of people who will not  
be quick to respond to the ap-  
peal for a work like this."
